EP-2000 Series

Posiflex presents the all-in-one fan-free EP-2000 series as an ECR replaced POS terminal. The EP-2000 series combines touch screen, thermal printer, rear mounted customer display (Optional), and MSR (Optional) in a fan-free system. Compared to traditional standalone ECR (Electronic Cash Register), the EP-2000 series has higher capability such as CPU, memory, display that can help retailers run software applications and have an overview of operation including supply management, inventory management, sell management, etc. Furthermore, its well-executed design can enhance the atmosphere of on-site environment.

The stylish EP-2000 series is affordable for retailers to operate basic transaction.

Key Features

- ▶ Higher capability than traditional ECR in operating management
- ▶ Resistive touch screen : 8" LCD 800 x 600 or 12" LCD 1024 x 768 resolution
- ▶ Equipped with ARM11 CPU
- ▶ Integrated with touch screen, thermal printer, rear mounted customer display (Optional), and MSR (Optional) for space saving
- ▶ Fan-free design for harsh and quiet environments
- ▶ 2" thermal printer
- ▶ Thermal printer with "one-button cutter blade retract" design to clear paper jam easily
- ▶ Special "drop-load" design for easy printer paper roll loading
- ▶ Gear button to adjust LCD tilt angle from 14° to 55°
- ▶ User-friendly mechanism for system upgrade and easy maintenance
- ▶ High quality, rock solid design with easy maintenance in mind

Resistive touch screen :
12" or 8" LCD

Rear mounted customer display LCD

Built-in magnetic stripe reader (MSR)(Optional)

Gear button to adjust LCD tilt angle from 14° to 55°
